### *Comments:*

Good things about Southeast Campus:

- Flexible teachers
- Good math lab
- All in 1 building
- Learning center good and useful
- Like the way it looks
- Room to walk around
- Bistro is good

Things that are needed:

- Need outdoor area without smoking
- Need spaces to go and sit and study
- Need quiet study areas where you can still have drinks (besides Library)
- Need study center without television
- Worst thing about campus is lines at business services
  - Not enough help in registrar office, way too crowded
- Need to enforce smoking areas
- East wing entrance, parking near East wing too congested, dangerous
- Only 4 practice rooms in fine arts area not enough
- Choir room too small
- Yoga too close to band area, not relaxing and quite as it should be
- Workout area too small, need more elliptical machines

- Not enough parking, not safe at night, need better lighting in the parking lots
- Visitor parking NEEDED
- Very difficult to find entrances, need much better signage and wayfinding
- 10-20 minute parking would be helpful
- Get on 360 going North without having to go South and u-turn
- Need signal light at main entrance and stop signs coming out of campus on west entrance
- Place at back where tree is – dangerous because you can't see around
- Pedestrian conflicts with HC crossing at front entrance
- Speed bumps don't really help
- Good motorcycle parking
- Need stop light at New York
- One way in and out cafeteria makes it really congested
- Cold environment in cafeteria – inhospitable and un-inviting
- Students like the Bistro, but it needs to be bigger or have two separate ones
- Lockers are needed – should be large, bring your own lock or pay
- Scholarship services would be very helpful – people that can sit down and help student look through all the different options and help point them in the right direction
- Counseling department – help with transfer credits to 4-year colleges
- Intramural sport fields
- Jogging track – needs to be lit and repaved
- Maps are very confusing, campus maps should be re-done and show “you are here”
- Student study spaces are needed
- Library too crowded
- Like the way that are is displayed throughout hallways
- Starbucks – wireless café would be loved by students
- Need mini-lab for music
- Science Learning Center way too small
- Library – Group study rooms are needed
- Larger restrooms
- Meet in library, cafeteria, bistro currently because no other group study areas
- Century Room – need more of these
- Central areas for clubs to meet
- Separate performing arts building with storage
- Teacher/student meeting space – need separate spaces to meet with teachers
- More books in library
- Better way finding
- Buy back location should be moved
- Larger rooms for financial aid
