City of Garland Donna Manhart, Project Manager

University Channel Erosion & Restoration Project 4th Public Meeting

You're invited

to a community meeting to learn more about the construction of the University Channel Project.

**Tuesday, September 23,
2008, 6:30 pm at the South
Garland Public Library
4845 Broadway Blvd
Garland, Texas 75043**

What is the purpose of this meeting?

At the first three public meetings, the University Channel Project was introduced, and the homeowners were given an opportunity to provide their input regarding flooding and erosion problems. The purpose of this fourth public meeting is to finalize the process in discussing the following items:

1. Update on project final design
2. Provide information on construction schedule.
3. Answer questions about construction phasing.
4. Introduce construction team
5. Provide contact resources

The selected channel materials will be presented at the public meeting, and the residents will be given a chance to ask

Make your voice heard and your opinion count!

Bring your questions to the public meeting
Tuesday, September 23, 2008
at the South Garland Public Library

**Together, we can make this
construction a success!**
